A Roundtable in these Extraordinary Times?

Johan Koren, Information & Technology Round Table Chair

The Information and Technology Round Table was created “to advance information and technology in Kentucky libraries” and “to provide peer support through the sharing of ideas and concerns.” Although membership has remained high, participation has declined in recent years. Is it time to dissolve or to find a new purpose? This session will also serve as the ITRT Business meeting.

- The business meeting will take place as part of the above session, scheduled for Friday, September 17 at 8:00am.

Respectfully submitted,

Johan Koren
Chair
Information and Technology Roundtable.
